

The Illinois Tactical Officers Association in cooperation with the Normal Fire & Police Departments is pleased to offer this dynamic training opportunity:

RESCUE TASK FORCE COMMAND & CONTROL

**COHESIVE TACTICS FOR LAW ENFORCEMENT/ FIRE DEPARTMENTS / EMS DIVISIONS
DURING AN ACTIVE THREAT SITUATION**

Date: December 6, 2017

Time: 9:00 am - 4:00 pm

Location: Normal Fire Department HQ 606 S. Main St. Normal IL, 61761

This 8-hour course is a collaborative training program taught by police and fire instructors that is designed to bring law enforcement and fire service leadership together to provide nationally recognized best practices and strategies regarding the management, deployment and utilization of Rescue Task Forces during active threat critical incidents.

This course should be attended by Police & Fire Department Chiefs, Deputy Chiefs, Shift Supervisors and Command Personnel. We highly recommend that representatives from the police and fire departments covering the same jurisdiction attend together. This is truly a Unified Command operational concept where both departments must work cohesively.

This course is designed to define roles, responsibilities, and operational procedures to support a Rapid Deployment Rescue Task Force response during an active shooter type event. The course will allow police and fire commanders the opportunity to work in partnership and practice the operational skills sets required to manage this type of an event in a classroom setting. Real world examples, simulations and tabletop exercises will be utilized to practice the communication, operational skill sets and coordination required to manage the deployment of Rescue Task Forces.

COST: ITOA Members: \$125.00

Non-Members: \$175.00 (includes a one-year ITOA membership)

TO REGISTER: Go to <http://itoa.org>, click on the Fire or Police links, open the training calendar and locate the course you are registering for. After completing a registration form and payment option, you will receive a confirmation email. Detailed course information will be provided once you are registered and confirmed as a course attendee.
